4. Wrap-up on Retirement Information Seminar: The Retirement Information Seminar was conducted in the Auditorium at Headquarters on 30 October, 1, 6, 8 and 13 November 1979. The audience was the most expressive to date in both verbal and written comments. The vast majority of the critiques received were very positive in nature and rated the Seminar as excellent and as a distinct service by the Agency to its employees. The Seminar attracted a wide representation of personnel from all offices. A special feature this year was the inclusion of two retirees who had relocated to other parts of the country, namely, Florida and Colorado, and had started new careers in these locations. To date there have been more than 20 requests by various offices for video tapes of the Seminar program including some from overseas stations or bases. (U/AIUO)

5. Senior Intelligence Service: The Senior Intelligence Service Support Staff members continued to answer a variety of routine questions on SIS matters, specifically in the areas of Advance Work Plans and leave. In addition, they met with the Science and Technology Management Advisory Group to respond to questions concerning SES and SIS. (U)

7. Hire the Handicapped: At the Handicapped Program Advisory Committee meeting on 20 November 1979, two short films were previewed for possible use in conjunction with the Agency Selective Placement Programs. One of them, "The Bottom Line," a dramatization illustrating the problems handicapped persons encounter when seeking employment, was very well done. Because it would be an excellent tool for use in removing attitudinal barriers, it was decided to explore the possibility of purchasing a copy. (U)

10. Open Season - Health Benefit Plan: Through the third week of the 1980 Open Season, there have been a total of 223 actions. This is 20 more than received for the same period in 1979. The Agency's Association Benefit Plan continues to make some gains in enrollment indicating an increase of 23 enrollments versus a decrease of 4 in 1979. The most significant trend appears to be the shift away from Blue Cross/Blue Shield. Last year they gained a total of 52 enrollments during this three-week period as compared to only 5 for 1980. The remaining actions are modest changes in the various other plans with the Postmaster's Benefit Plan showing the greatest gain -- 16 in 1980 versus 6 for 1979. (U/AIUO)
